Thank you so much Conrado for this timely and valuable input. We will work to incorporate those churches into the narrative.

We will keep you posted on the project as it progresses and please feel free to reach out with any additional questions or input.

Many thanks,

Hi Tracey,

Everything looks good to me. In terms of churches, I didn't see Iglesia Cathedral de Milagros 121 N Ave 60, Los Angeles, CA 90042 <http://www.churchomania.com/church/1550757475251299/IGLESIA+CATEDRAL+DE+MILAGROS>. I also don't recall seeing Saint Ignatious of Loyola Catholic Church, 322 N. Ave 61 or All Saints Episcopal Church 5619 Monte Vista St. You may want to include them.

Congratulations and thank you for this project. It is a fascinating read.

page 28 #45: 10th sentence down should have a space between heron: her on

page 36: Chez Antoine- I think its closed

Page 38: Ba is closed

We have been working with LANI and we are getting ready to install the Highland Park street mosaics. I have attached a list of mosaics going in. Not sure if you want to put them into your book or not. But the placement of the stanchions and the mosaics to not interfere with one another.

Have not looked at the signage closely yet but the Ebell club women are pictured twice. Its may not matter as they will be in two different places. Don't know if you would want to change one of the pics to the current Ebell ladies. There will be a mosaic of them going in. You can view the pic in the pdf. Arturo is the contact at LANI if you have any questions. I have cc'ed him here so you each have each others contact info.

Thank you for sending me the materials.

Received it.

Just looking at the table of contents section 1 just says metro station-York.

It should probably say highland Park metro station or some mention of N. Figueroa, don't u think?

Hi Misty,

It seems that our FedEx to you is in a bit of limbo as it needs a signature to be delivered. Please let us know if you have received a notice from them and if the package shows up. Worst case scenario we can resend to you. We're in a bit of a time crunch so once you do receive it, please review and let us know if you have any questions or concerns.

Thanks so much.

Good Morning Conrado & Sharon,

We'll be sending over the Angels Walk Highland Park stanchion and guidebook print-outs for your review this week. Should we send them to your City Hall office or the Highland Park Field Office? Please advise on what would be best. Also, is one set sufficient or would you prefer two sets?

Many thanks,
Tracey

Hello Conrado,

Hope all is well, it has been a while since we talked last.

We wanted to give you an update on the Angels Walk Highland Park project. We're very close to completing the production on both the guidebook and all 15 stanchions. We have spent the last seven months completing the writing, mapping, and photo research for the walk. According to our contract the project is required to be completed by September of this year. We are on schedule and working towards that date.

We'd like to send over all of our layouts for both the stanchions and guidebook for review by Councilmember Cedillo's office. We anticipate having those ready to send by the end of the month.

We're very pleased and excited about the project and how it will bring a deeper sense of place and history to the already vibrant Highland Park community.

Thank you for your support, look forward to connecting soon.

Regards,
Tracey
